# TOWN WARRANT

---

## STATE OF NEW HAMPSHIRE.

[L. S.]

*To the Inhabitants of the Town of Fremont, in the County of Rockingham, in said state qualified to vote in town affairs:*

You are hereby notified to meet at the Town house in said town on Tuesday, the eighth day of March next, at ten (10) of the clock in the forenoon, to act upon the following subjects:

1. To choose a town clerk.
2. To choose three selectmen, treasurer, auditor, one library trustee, and one trustee of trust funds.
3. To choose two or more highway agents, one of which shall have the care and maintenance of the trunk line road, under the supervision of the State Highway Department.
4. To choose all other necessary officers.
5. To take the sense of the qualified voters whether the alterations and amendments to the Constitution proposed by the Constitutional convention shall be approved.
6. To raise and appropriate such sums of money as may be necessary for the following purposes; to defray town charges; for repairs of highways and bridges; for care of cemeteries, and for Memorial Day.
7. To see if the town will vote to discontinue the old

road (so-called) leading from the main road from Fremont Village to Sandown, near the residence of George W. Emerson to the south road leading from Chester to Brentwood, near the residence of Fred H. Bishop.

8. (By request of N. H. Old Home Week association.) To see if the town will vote to observe "Old Home Day" and raise and appropriate such sum of money as may be necessary.

9. To transact any other business that may legally come before the meeting.

Given under our hands and seal this 18th day of February in the year of our Lord, nineteen hundred and twenty-one.

EUGENE D. SANBORN,  
ERNEST S. BEEDE,  
GEORGE A. BASSETT,  
*Selectmen of Fremont.*

Charles W. Heselton .....	\$3.90

---

 \$57.15

## MEMORIAL DAY EXERCISES.

William H. Gibson, band, speaker, and supplies..	\$150.00
--	----------

## SCHOOLS.

Following is the school money available for the year 1920 and 1921, which has been paid the school treasurer:

Lillian E. Frost, school treasurer:

By law, \$5 on each \$1,000 or valuation.....	\$2,475.91
For high school tuition .....	670.00
For general purposes .....	544.00
For state supervision .....	216.00
Dog licenses due April 1, 1920.....	41.40
	<hr/>
	\$3,947.31

## SPECIAL POLL TAX.

John W. Plummer, state treasurer, \$2 each on 141 polls collected .....	\$282.00
--	----------

## TRUST FUNDS.

Trustees of trust funds:

Mary S. Higgins fund, for Methodist preach- ing .....	\$2,000.00
Mary S. Higgins fund, interest for care of Hig- gins lot in Village cemetery.....	100.00
	<hr/>
	\$2,100.00

## ABATEMENTS.

William H. Mould's collection, 1920:

Jenness G. Brown, poll, paid in Auburn.....	\$5.00
George K. Emerson, poll, by request.....	\$5.00
John C. McIntire, poll, by request.....	5.00
	<hr/>
	\$15.00

The town appropriated \$2,500 for repairs of highways and bridges, out of which sum there had to be set aside for maintenance of state road \$311.34 and for construction of state road \$748.50, the latter amount not being used remains in the town treasury for use in 1921; and there is also available from the state \$1,122.75 for construction in 1921.

After deducting from the \$2,500, the \$311.34 and \$748.50 there was available for roads and bridges \$1,440.16, of this sum Fred H. Bishop used \$735.67 and Frank H. Lyford \$510.25, for repair of roads only, leaving \$194.24.

The Woodman causeway had to be replanked and lengthened, at a cost of \$436.15 for material and labor. Clough bridge replanked at a cost of \$198.06 for material and labor, Big bog bridge rebuilt all new at a cost of \$243.71 for material and labor, two culerts had to be relaid costing \$46.71, a total of \$924.63, for all of which there was \$194.24 available.

The library building had to be shingled costing \$71.50, for which there was not any appropriation.

The big snow storms of February and March cost \$502.53, which sum was paid from money already in the treasury.

The Federal Aid Road is just as much a disappointment to the selectmen as to the citizens of the town. It is not what we expected nor is it what was promised. When we consult the State Highway department we are met with "This has been a most extraordinary time to build roads, both on account of labor and material, the department has been hampered somewhat by the partial failure of the government to pay its proportion." The work done this year has had to be paid for out of money raised for maintenance, the state expending as its accounts shows, \$1,352.24; the town expending \$366.75, all of which should have been paid for out of the Federal money.

EUGENE D. SANBORN.

ERNEST S. BEEDE.

GEORGE A. BASSETT.

*Selectmen.*

## TOWN PATROLMAN'S REPORT.

ARTHUR S. MOORE, Patrolman.

*Receipts.*

Received of town treasurer .....	\$415.81

## AUDITOR'S REPORT.

This is to certify that I have examined the accounts of the Selectmen, the Town Treasurer, Town Clerk, Trustees of Trust Funds, Library Trustees, Road Agents and Janitor of Town hall for the year ending January 31, 1921. I find these accounts to be in very good shape, correctly cast, and supported by proper vouchers for the several charges.

The Treasurer has a balance on deposit in favor of the town of \$2,037.32, and there appears to be no outstanding bills.

WILCOMB H. BENFIELD,

*Auditor.*

	\$4,500.00

## AUDITOR'S REPORT.

FREMONT, N. H., September 29, 1920.

This is to certify that I have examined the accounts of the School Board and Treasurer of the School District of Fremont for the year ending August 31, 1920, and find the accounts correctly cast and supported by proper vouchers.

WILCOMB H. BENFIELD,  
*Town Auditor.*

SCHOOL BOARD BUDGET OF ESTIMATED EX-  
PENDITURES FOR THE SCHOOL YEAR  
BEGINNING SEPTEMBER 1, 1921.

*Teachers' salaries .....	\$2,450.00
*Books and supplies.....	290.00
*Flags and appurtenances.....	12.00
*Other expenses of instruction.....	18.00
*Janitor service .....	60.00
*Fuel .....	167.00
*Janitors' supplies .....	24.00
*Minor repairs .....	63.00
*Medical inspection .....	50.00
*Transportation of pupils.....	936.00
*Other special activities.....	20.00
High school and academy tuition.....	670.00
\$2 per pupil state tax.....	216.00
General purposes (officers' salaries, equip- ment, etc.) .....	285.00
<hr/>	
Total needed for all educational purposes	\$5,261.00
Amount received from other sources.....	1,530.00
<hr/>	
Amount to be raised by taxation of the dis- trict .....	\$3,731.00
Amount estimated to be received from state..	\$1,490.00

<hr/>	
Total received from sources other than taxation .....	\$1,530.00
<hr/>	

\*The items so marked are the joint expense of the district and state, the district paying an amount equal to the \$5 per \$1,000 of the inventory tax and the state paying the balance. Items so marked total \$4,090.

*To the Voters in the Fremont School District:*

The tabulated figures which appear before this letter are taken from the school record book, but this letter I am alone responsible for, so if there is anyone who feels that they want to criticise it, criticise me alone, not the other two members of the school board.

*Supervised Schools.*

We are rounding out the second year of supervised schools, and notwithstanding the fact that some of the parents think that supervision is not necessary, I believe that the schools speak for themselves and in this short period show that the standard has been raised at least 50 per cent. This became possible through state-wide supervision, standardizing of all elementary schools by bringing up the studies to a certain standard. This has progressed in the Fremont schools to a great degree of satisfaction, both to the superintendent, Mr. Pitkin, and the school board.

*Noon-Day Lunches.*

A certain number of the parents made a strenuous protest to the noon-day lunch proposition. This is something that has been in effect ever since "Adam and Eve" went to school, provided they lived far enough away from the school to warrant carrying their dinner-box. Now the only difference in this old plan and the new is this: the town furnishes an oil stove, on which lunches are warmed up, and instead of having your children sit around and eat a cold lunch, there is a chance of warming it. Cocoa is made, and in all a wholesome rather than a cold lunch is enjoyed by the pupils. To be sure, this could be carried out to a better conclusion if we had more room in the schools; but under the circumstances we are doing the very best we can for the pupils with what we have to do with.

*Health Crusade.*

Another lot of parents have protested the Health Crusade as being a foolish move, and one that is working a

hardship on the children. For your benefit I will outline the things that the pupils are asked to do, not compulsory, but to do it on his or her own free will and accord, but that a daily record must be kept of this performance.

1. Wash the hands, neck and ears at least once a day.
2. Clean the teeth at least twice a day.
3. Take at least 15 good, long breaths of GOOD FRESH AIR every day.
4. To get at least 10 hours' sleep each night.
5. To keep fingers and pencils out of mouth.
6. To abstain from tea and coffee with their meals, using milk or water.
7. To take a body bath at least once a week.
8. To take at least 15 to 20 minutes' healthful exercise each day.

This is in effect the Health Crusade, and if keeping children clean and healthful is working a hardship on them, I say it's time the hardship was worked on them.

### *School Rooms.*

We are badly pressed for room in our schools, the primary having 51 enrolled and the grammar 41. This, as you all know, is somewhat of a crowd and makes the air bad in both rooms, notwithstanding the fact that there is good ventilation in all of our schools.

About a year ago some talk was made of centralizing the schools in one building, and a meeting was held to discuss the project. Soon after this meeting the Board was asked to withhold action, as it then looked as if we were to receive the gift of a model brick schoolhouse from the Spaulding heirs. This plan, however, did not materialize, for when the plans were submitted for bids the lowest bid received was approximately 100 per cent more than the architect had estimated. This was due to the rising market in building material and labor, and it was decided to wait until the building operations got down nearer to a normal basis, which, I believe you will all agree, was good common sense. We had been excused on the strength

of this new school building from making repairs on the old ones, but after it had been decided to wait, Mr. Frost of Spaulding & Frost Co. gave the Board authority to have temporary repairs made, as was necessary, and they paid the bills; so to date the repairs on all of our schoolhouses have cost the town nothing. The temporary repairs, however, do not take care of the housing proposition at all, and we are still in an overcrowded condition, which can only be taken care of by a centralized school of at least three rooms. Some might say reopen the South Side school. This would not relieve the situation at all, as the scholars do not all go to one school, and the small number that come from that district would not relieve the congestion.

We hope that the Spaulding heirs will see their way clear to erect a school for Fremont that will accommodate the children and give them more of the advantages that the children of the same ages are getting in some of the larger towns.

#### *Teachers.*

We have been more than fortunate in securing teachers of great merit. Our grammar school, under the tutoring of Mrs. J. H. Ellis, is making great strides in the line of progress; and the work of Miss Dorothy Parks of Barre, Vt., in the primary and Miss Ruth King of Passumpsic, Vt., in the Pine District is certainly remarkable. I believe that our schools rate as high as any in the supervisory union.

#### *Superintendent.*

While we know that our teachers are as good as the best, all the credit of their success is not alone due to their own efforts. In our superintendent, F. E. Pitkin, we have a man who is working night and day for the good of the schools, and it is through his efforts, combined with good teachers, that our schools are surely raising their standard, and in time will equal those of the cities, where greater advantages have been had in the line of buildings and equipment. I believe that it is surely "up to every par-

ent" to give the teachers and Mr. Pitkin the necessary support and encouragement in the good work that they are carrying on.

### *Co-operation.*

The secret of success in any line of business is co-operation, and this same thing applies to the schools. If the parents do not co-operate with the school board, teachers and the superintendent, then a certain amount of the good of the schools is lost. This reminds me of a certain party in Fremont that made this remark, "Well, I suppose you have got the schoolhouses now so the scholars cannot see a thing, and now you are satisfied." I asked him if he had been in the schools since the lighting had been changed and he said, "No," so he was in no position to know whether the children could or could not see. This same line of argument applies to the different things that come up in the school life that look like a hardship to the parents. They do not understand them, and some of them do not try to understand them, and criticise the different things without knowing what they are talking about. Full co-operation is an absolute necessity to enable the schools to succeed in the way they should.

### *Conclusion.*

As I am finishing up my three-year term, which expires at the next school meeting, I wish to say that I have enjoyed the work and have tried to help the schools in any way that I could. I have been asked by a lot of the voters to come up for re-election, but I can only say now, as I have told them, I have served my time and do not care for another term. I have not the time to devote to it, so I will not allow my name to be put before the school meeting next spring. Wishing the schools of Fremont the success that they deserve,

I am sincerely yours,

HAROLD L. JONES.

*Chairman Fremont School Board.*

Fremont, February 4, 1921.

## REPORT OF THE SUPERINTENDENT OF SCHOOLS.

### *To the School Board and Citizens of Fremont:*

Herewith I submit to you my first annual report for the year which, by law, began Sept. 1, 1919, and ended Aug. 31, 1920.

### THE NEW SCHOOL LAW OF 1919.

Fremont is one of the six towns forming Supervisory Union No. 14, of which the other towns are Epping, Sandown, Danville, Kingston and East Kingston. The school boards of the six towns meet annually, and jointly nominate and fix the salary of a superintendent to be employed by the State Board of Education. In 1900 Fremont, Salem and Hampstead formed the first supervisory union in the state.

The law provides that each town must maintain *standard* schools which are defined by the law as follows:

- 1—Maintained at least 36 weeks in each year.
- 2—Equipped with approved furniture, books, maps and necessary appliances.
- 3—Taught by an approved teacher.
- 4—Directed and supervised by an approved superintendent.
- 5—With suitable provision for the health and physical welfare of the pupils.
- 6—In a suitable and sanitary building.

The last two statements are further defined by the State Board as follows:

- 1—The major portion of the light in a class room shall come from the left and rear of the pupils.
- 2—Ratio of the window area to floor area not to be less than 1 to 5. Several states have the higher standard of 1 to 4.
- 3—Walls must be in good condition and painted some light color.

- 4—Toilets must be free from obscene markings, furnish proper privacy, the vaults to be fly-proof and cleaned three times a year.
- 5—Heating arrangements must be adequate to maintain a temperature of 68 degrees and ventilation without drafts provided.
- 6—No common drinking cups allowed; water to be provided in a covered tank with faucet or pump. Facilities for washing hands must be provided, but individual or paper towels must be used, as common towels can spread disease.

#### DUTIES OF THE SCHOOL BOARD AND SUPERINTENDENT.

The School Board elect and determine the salaries of the teachers, authorize all purchases, prepare financial budget, adopt a curriculum, make out the school calendar, make rules for the attendance of pupils under 8 years of age, arrange for the transportation of pupils, repair buildings, determine which holidays shall be no-school days.

The superintendent prescribes the methods of teaching, nominates the teachers, chooses the text-books and supplies, arranges the order of the topics in each subject of the curriculum, sets standards of promotion from one grade to another, assisted by the advice of the teacher he promotes and denotes the pupils, distributes and keeps account of the supplies.

#### STATE AID FOR SCHOOLS.

The law provides that if a tax of \$5 per \$1000 of the inventory of the town is insufficient to maintain the required *standard* schools (pay the teachers, for books, supplies, janitor service, fuel, and transportation of pupils two miles or more), the State will furnish the balance required. The \$5 tax of this town amounted to \$2495.74, and the balance furnished by the State amounted to \$570.06.

SUBJECTS TO BE PARTICULARLY EMPHASIZED DURING THE  
SCHOOL YEAR OF 1920-21.

*First: Reading in Grades 4 to 8.*

In common with a large percent of the schools throughout the country the pupils of the upper grades are lacking in ability to read to themselves rapidly and remember what they read. Even at the slow rates at which they are able to read silently, they averaged to be able to remember only one-third of the ideas. They ought to read more rapidly and remember two-thirds of the ideas. As this kind of reading is the basis of nearly all studying and of most of the reading done after school days are over, we shall give all pupils of the upper grades daily practice in reading.

*Second: Fundamental Processes of Arithmetic; Grades 3 to 8.*

There is considerable criticism on the part of parents and citizens to the effect that the pupils are not well grounded in the fundamentals of arithmetic. If a pupil is to really profit by the more advanced work, he must have the simple operations of arithmetic so well mastered that the responses are immediate and accurate. We have planned daily drill in this work for all pupils in these grades. We hope as a result that the pupils will have them right on the tips of their tongues.

You are invited to come in and see this drill; it is quite interesting.

*Third: Health Work and Supervision of Play.*

This work will consist of the following four features:

1—Health drills of 3 to 5 minutes given daily in the school room while the room is being aired. This includes exercises that stimulate deep breathing, correct posture, straighten round shoulders, decrease constipation, stimulate the heart, and give suppleness and grace.

2—School ground plays and games supervised by the teacher. In the old days all boys knew and practiced a great

number of games and stunts. They had knocking off hats, collar and elbow wrestle, French wrestle, pom pom, pull away, hare and hound, bull in the ring, snap the whip, common tag, cross tag, stone tag, chin the bar, hop-skip-and-jump, all kinds of jumping, etc., etc.

In general, the boys of today seem to know a very few such games and have little desire to their skill, grit, strength or endurance in individual contests such as wrestling, pulling the broom stick, twisting wrists, and the old group games. Their interest is nearly limited to the games of baseball and football, which are abnormally popular because of the attention given them by colleges and moneyed leagues. In playing these games at school a few of the best developed boys usually monopolize the playground, while the third and underdeveloped pupils who most need the exercise are only bystanders. The girls likewise know and enjoy but few outdoor games.

Through the supervision of the play by the teachers we plan to increase the number of games and activities that the boys and girls use and enjoy, and to see that the timid and undeveloped are taken into the games.

3—Competitive field meets will be held in which all the pupils meet in outdoor physical tests adapted to their ages and sex, and have a few special contests between pupils from different schools and towns. Parents are invited to attend these field meets.

4—The Modern Health Crusade. This work is in part supported by the sale of Red Cross stamps. Pupils are rewarded by appropriate pins for regularly washing their face and hands, sleeping ten hours a day with windows open, drawing deep breaths, brushing teeth, drinking plenty of water, etc.

#### *Fourth: Good Manners and Civil Behavior.*

It is part of the teacher's written contract that she will supervise the play at recess and the children and building during the noon hour. By this means we hope to prevent

cheating, bullying, swearing, immoral talk, and unfair teasing and fighting on the playground. Teachers are asked to insist that the pupils use good manners and decency at all times on the school premises, to respect school and neighboring property and that of other pupils, and not to let the following go unpunished: saucily speaking to a passerby, defacing books, marking desks, toilets or buildings, snowballing girls, little boys and passing people, or interfering with teams left standing near the school. If the plan succeeds, it will be of more value as training for citizenship than reading and reciting on many pages of civil government.

#### TOO MANY PUPILS PER TEACHER IN VILLAGE.

Though the teachers in the village were exceedingly diligent and faithful, it was a great injustice to the pupils to be in four-grade rooms with 51 pupils enrolled for one teacher. It either means that it must take the pupils more than eight years to complete the eight grades or that the work must be done less thoroughly. The fact that the rooms are small, that the seats are double, and that practically every seat has two pupils in it makes conditions for teaching still more unfavorable. The teachers are at a great disadvantage in endeavoring to obtain standard results with the pupils. There should be at least three rooms and three teachers in the village.

On the following pages you will find the following groups of data and information which will aid you in understanding the work and in judging the efficiency of the schools. Brief remarks follow in some cases.

- 1—Regulations concerning the attendance of pupils under 8 years of age.
- 2—Dates for terms, holidays and hours of school.
- 3—Outline of the curriculum adopted by the School Board.
- 4—Standards of promotion set by the superintendent for each grade.
- 5—Daily time-tables of the school day.
- 6—Attendance statistics.

- 7—Promotion and loss table.
- 8—List of teachers for 1919-1920.
- 9—List of high school and seminary pupils.
- 10—Results of standard tests in handwriting, silent reading, addition and subtraction.
- 11—Report of health inspection.

Respectfully submitted,

F. E. PITKIN,

*Superintendent of Schools.*

### REGULATIONS ADOPTED BY THE SCHOOL BOARD CONCERNING THE ATTENDANCE OF CHILDREN UNDER 8 YEARS OF AGE.

- 1—No pupil is to be admitted that is less than 5 years and 11 months of age on September 1 of the year he enters.
- 2—Attendance must be regular, except in case of quarantine or sickness of pupil. For irregular attendance, a pupil under 8 years of age may be dropped from school for the remainder of the year.
- 3—Pupils beginning the first grade must enter during the first three weeks of the fall term.

### SCHOOL CALENDAR ADOPTED BY THE SCHOOL BOARD.

Fall term—Tuesday, September 7, to Friday, December

17

Winter term—Monday, January 3 to Friday, March 25

Spring term—Monday, April 11, to Friday, June 10

School not to be in session the following days:

Thursday, November 25. Thanksgiving.

Friday, November 26.

Monday, May 30. Memorial Day.

The regular morning session to begin at 9:00 and close at 12:00.

The afternoon session to begin at 1:00 and close at 4:00.

## THE CURRICULUM.

The following is the modification of the State program which has been adopted by vote of the School Board:

"A subjects" are those in which the pupil receives instruction every day.

"B and C subjects" are those in which the pupil receives less frequent instruction, varying from twice a week to only occasionally. In grades above the third the time given to these subjects is largely devoted to individual and class reading.

### GRADE 1.

A—Reading, handwriting, arithmetic, health drills and supervised play.

B—Singing, drawing, hygiene, nature, thrift, gardening, history stories,

### GRADE 2.

A—Reading, handwriting, arithmetic, health drills and supervised play.

B—Singing, drawing, history stories, hygiene, nature, thrift, gardening.

C—History stories, hygiene stories, geography stories of other lands, humane treatment of animals.

### GRADE 3.

A—Reading, handwriting, arithmetic, spelling, health drills and supervised play.

B—Singing, drawing, hygiene, nature, thrift, gardening, current events.

C—Explorations and biographies of early America, hygiene, nature, humane treatment.

## GRADE 4.

- A—Arithmetic, handwriting, language forms, spelling, geography (pupil's town, N. H., New England, the world as a whole), health drills and supervised play.
- B—Singing, drawing, thrift, gardening, hygiene, nature, humane treatment, current events, literature.
- C—Explorations and biographies of early America, industries and occupations, civics, physiology.

## GRADE 5.

- A—Arithmetic, handwriting, grammar, spelling, music, geography (North and South America and United States), health drills and super. play.
- B—Drawing, thrift, gardening, literature, nature, physiology, current events.
- C—Life and lives from ancient history, nature, civics, industries and occupations.

## GRADE 6.

- A—Arithmetic, handwriting, spelling, music, grammar, geography (Europe, Asia, Africa, Australia and world as a whole), health drills and supervised play.
- B—Drawing, thrift, gardening, literature, sanitation, nature, civics, current events.
- C—Life and lives of mediaeval and modern times, nature, civics, industries and occupations.

## GRADE 7 OR YEAR I.

- A—Arithmetic, civics and American history through the Revolution, concrete mathematics, daily instruc-

---

\*Daily reading in classes continues above grade three, but is concerning the subjects named as B and C subjects.

tions and drill in the fundamentals (these include spelling, handwriting, grammar and composition, geography), health drills and supervised play, music.

B—Drawing, thrift, gardening, literature, current events, dramatization, elem. science, manual training and cooking and sewing.

C—Literature, self-improvement, current events, vocational guidance.

#### GRADE 8 OR YEAR II.

A—Arithmetic, civics and Am. history from Revolution to present time, concrete mathematics, instruction in fundamentals, health drills and supervised play, music.

B—Drawing, thrift, gardening, literature, current events, dramatizations, elem. science, manual training and cooking and sewing.

C—Literature, self-improvement, current events, vocational guidance.

#### OUTLINE BY THE SUPERINTENDENT

Of the Ground to be Covered and the Standards to be Met in the Courses.

#### GRADE 1.

Arithmetic: All addition, subtraction and multiplication combinations up to twelve; ability to read and write numbers to 100; understanding of halves, thirds, fourths, fifths and eighths, and simple combinations of them.

Reading: Ability to read at sight and understandingly from any easy first reader. Six to eight books read in class in-

---

\*The superintendent will gladly further explain the curriculum to any interested parent or citizen.

cluding the following: Story Steps, Barnes' Primer, Prog. Road Book One, Serl and Evans Primer, Silver Burdett First Reader, Child's Word Garden, Rhyme and Story Primer.

Writing: Ability with pencil to write at rate of 15 to 20 letters per minute, single space letters to be about one-half inch in height.

### GRADE 2.

Arithmetic: To page 49 in Stone-Millis Primary Arithmetic.

Reading: Ability to read at sight and understandingly from any ordinary second reader. Reading in class of six to eight books including the following: Prog. Road Book One, Rhyme and Story First Reader, Barnes' Book One, Stories of Our Holidays, Primer Stories, Prog. Road Book Two, Barnes' Book Two, Red Feather, Eskimo Land. The reading out of class individually and silently of eight to ten books.

Writing: Ability with pencil to write at the rate of 20 to 30 letters per minute; single space letters to be about three-eighths of an inch in height.

### GRADE 3.

Arithmetic: To page 155 in Stone-Millis Primary Arithmetic.

Reading: Ability to read silently from an ordinary third reader at sight at rate of 132 words per minute and to reproduce 40% of the ideas. Reading in class of eight to ten books, including the following: Prog. Road Book Two, Silver, Burdett Second Reader, Jones' Second Reader, Around the World Book One, Prog. Road Intro. Book Three, Prog. Road Book Three, Silver Burdett Book Three, Around the World Book Two, Happy Jack Thrift Club. Reading silently out of class of eight to ten books.

Writing: Ability with ink to write at rate of 35 letters per minute with a quality of 50 according to Ayres' Handwriting Scale.

Spelling: To page 46 in Essentials of Spelling, by Pearson and Suzzallo with 90% accuracy when using the words in written sentences.

#### GRADE 4.

Arithmetic: To page 257 in Stone-Millis Primary Arithmetic.

Writing: Ability with ink to write at rate of 45 letters per minute with a quality of 50 according to Ayres' Handwriting Scale; single space letters to be about one-fourth inch in height.

Spelling: To page 77 in Essentials of Spelling with 90% habitual accuracy when using the words in written sentences.

Geography: Of Fremont, Rockingham County, New Hampshire and New England with maps. Whole world geography using Morton's Elementary Geography.

B and C subject reading: The ability to read fourth grade material silently at sight at rate of 140 words per minute and reproduce two-thirds of the ideas. Class reading of Prog. Road Book Four, Later Cave Man, Montgomery's Beginners' American History, Happy Jack Thrift Moves, Silver, Burdett Fourth Reader, Around the World Book Three, Primer of Hygiene.

Language: Ability habitually to write letters with not more than 23 mistakes in spelling, language and grammar for each 100 words.

#### GRADE 5.

Arithmetic: To page 137 in Stone-Millis Arithmetic.

Writing: Ability to write at rate of 50 letters per minute with a quality of 55.

Spelling: To page 109 in Essentials of Spelling with 90% habitual accuracy when using the words in written sentences.

Geography: North and South America and United States; using Morton's Elementary and Advanced Geographies.

Music: Ability to sing simple tunes by note in any key; knowing what notes are sharped or flatted in each key. To page 80 in Common School Book of Vocal Music.

Ability to hum or whistle from memory 20 of the tunes in "101 Best Songs" as a result of frequently singing them.

Grammar: Ability to write a hundred word letter with not more than 17 mistakes in language, grammar and spelling. Metcalf's English Grammar to page 90, and pages 264-270.

B and C subject reading: Silent Fourth Reader, Barnes' Elementary History, Farm Life, Book Four; Carpenter's North America, Carpenter's South America. Ability to read fifth grade material silently at sight at rate of 160 words per minute and reproduce two-thirds of it.

#### GRADE 6.

Arithmetic: To page 182 in Stone-Millis Intermediate Arithmetic.

Writing: At rate of 55 letters per minute with a quality of 55.

Spelling: To page 137 in Essentials of Spelling, with 90 per cent habitual accuracy when using the words in written sentences.

Grammar: Ability to write a 100-word letter or composition with not more than 14 mistakes in spelling, language and grammar. Pages 91-216, 264-270 in Metcalf's English grammar.

Music: Ability to sing any simple tune at sight by note and then the words; ability to carry his or her part in a two-part song by note and with words; understanding of the bass clef and tenor clef. To page 80 in the Common School Book of Vocal Music and 5 selections from the rest of the book. Ability to hum or whistle from memory 40 of the tunes in "101 Best Songs" as a result of frequently singing them.

Geography: Europe, Asia, Africa, Australia and Pacific Islands; mathematical and physical geography of the whole world. Morton's Elementary and Advanced Geographies.

B and C subject reading: Ability to read sixth grade material at sight at rate of 180 words per minute and reproduce two-thirds of the ideas. Class reading: Silver Burdett Fourth Reader, Farm Life Book Five, Carpenter's Europe, Asia, Africa, Australia, Around the World Book Five, Four Great Americans, Our Neighborhood, Primer of Sanitation, How We Live, Around World.

#### GRADE 7.

Arithmetic: To page 145 in Stone-Millis Advanced Arithmetic.

Spelling: To page 152 in Essentials of Spelling with 90 per cent habitual accuracy when using the words in written sentences.

Writing: At rate of 60 letters per minute with a quality of 60.

U. S. History: To Revolution. To page 134 in Leading Facts of American History, by Montgomery, as basal text; other histories for reference.

Concrete Geometry: To page 97 in Hornbrook's Concrete Geometry.

Music: Repetition of previous work with grades 5 and 6.

Grammar: Ability to write 100-word composition and habitually having less than 11 mistakes in spelling, language and grammar.

B and C subject reading: Ability to read seventh grade material silently at rate of 190 words per minute and reproduce two-thirds of the material. Class reading of the following: Hodgdon's Elementary Science to page 257, Stories of the Indians of N. E., Turkington's Our Country.

## GRADE 8.

Arithmetic: To page 299 in Stone-Millis Advanced Arithmetic.

Writing: At rate of 65 letters per minute with a quality of 60.

Spelling: Completion of Essentials of Spelling with 90 per cent habitual accuracy when using any of the words in the book in written sentences.

U. S. History: From Revolution to present. Montgomery's Leading Facts of Am. History from page 134 as basal text; other histories for reference.

Concrete Geometry: From page 98 to end of Hornbrook's Concrete Geometry.

Music: Repetition of previous work with grades 5, 6 and 7.

Grammar: Ability habitually to write composition with not more than 8 mistakes in spelling, language and grammar for each 100 words.

B and C subject reading: Hodgdon's Elementary Science from page 257 to 529, Constitution of New Hampshire, Stepping Stones to Literature, Courtship of Miles Standish.

*Note.*—Pupils in each grade should by frequent review drills be able to meet standards of lower grades in all subjects.

In some subjects the work of one grade may alternate yearly with the work in the next grade.

## DAILY TIME-TABLE OF VILLAGE SCHOOLS.

## GRAMMAR SCHOOL.

*Mrs. Pauline B. Ellis, Teacher.*

Grade .....	8	7	6	5	Ungraded
No. pupils .....	10	8	9	12	1

8:45 Teacher has arrived; building opened to pupils.

9:00 Session begins; opening exercises.

9:10 Arithmetic; all grades.

9:50 Concrete geometry; grades 7 and 8.

10:10 Spelling; all grades.

10:30 School ground play and games supervised by teacher.

10:45 Grammar; grades 5 and 6.

11:15 B and C subject reading; all grades.

12:00 Noon period; building and pupils supervised by teacher.

1:00 Music; all grades.

1:10 Geography; grades 5 and 6.

1:50 B and C subjects.

2:10 Handwriting; all grades.

2:25 Health drills.

2:30 School ground play and games supervised by teacher.

2:45 B and C subject reading.

3:00 U. S. History; grades 7 and 8.

3:30 B and C subject reading; all grades.

4:00 End of school day except for delinquents.

## PRIMARY SCHOOL.

*Dorothy A. Parks, Teacher.*

Grade .....	4	3	2	1
No. pupils .....	13	9	6	16

- 8:45 Teacher has arrived; building opened to pupils.  
 9:00 Session begins; opening exercises.  
 9:15 Arithmetic; grades 3 and 4.  
 9:30 Reading; grade 1.  
 10:00 Arithmetic; all grades.  
 10:25 School ground play and games supervised by teacher.  
 10:40 Reading; grade 2.  
 10:55 Writing; all grades.  
 11:10 Geography; grade 4.  
 11:30 Reading; grade 3.  
 11:45 Spelling; grades 3 and 4.  
 12:00 Noon period; building and pupils supervised by  
       teacher.
- 1:00 B and C subjects.  
 1:30 Reading; grade 1.  
 2:00 B and C subject reading.  
 2:20 Health drills.  
 2:25 School ground play and games supervised by teacher.  
 2:40 Reading; grade 2.  
 2:55 Language; grade 4.  
 3:10 Spelling; grades 3 and 4.  
 3:35 B and C subject reading.  
 4:00 End of school day except for delinquents.

## ATTENDANCE STATISTICS.

	Gram-mar.	Pri-mary.	Pine.	All.
Length of school year in weeks.....	36	36	36	36
No. days lost by holidays, weather, institutes, etc. ....	6	6	7	6
No. different boys enrolled.....	13	30	8	51
No. different girls enrolled.....	18	21	6	45
No. different pupils enrolled.....	31	51	14	96
Pupils regularly attending, ages 5 to 8 years	0	21	4	25
Pupils regularly attending, ages 8 to 14 years	24	27	9	60
Pupils regularly attending, ages 14 to 16 years .....	7	3	1	11
Average daily attendance.....	27	33	9	69
Average no. half-day absences per pupil for year .....	14	25	48	24
Per cent of attendance.....	96	94	87	93
Average number of tardinesses per pupil for year .....	$\frac{1}{2}$	1	4	
No. visits by parents and citizens.....	76	53	48	177
No. visits by members of school board.....	6	5	1	12
No. visits by superintendent.....	24	25	20	69
Pupils not absent nor tardy during year.....	4	3	1	8

List of pupils not absent nor tardy is as follows:

Dorothy E. Philbrick, Florence R. Spaulding, Marian L. Bassett, Heselton F. Carroll, Leslie Marcotte, George Spaulding, Theresa Campbell, Clifford E. Carlton.

Conclusions: The attendance at the village schools is satisfactory; it is poor at the Pine School.

## PROMOTION AND LOSS TABLE (ALL SCHOOLS).

	Grade 1	2	3	4	5	6	7	8
Pupils promoted to next grade in June.....	9	11	11	10	7	8	9	2
Pupils not promoted to next grade in June.....	9	0	0	3	3	2	1	0

## REPORT OF HEALTH INSPECTION.

No. cases		Number of pupils examined	77
1	Malnutrition	Number of teachers examined	3
2	Defective vision	Number of janitors examined	3
0	Anaemia		
1	Skin disease		
0	Head lice		
9	Defective teeth		
41	Large tonsils		
40	Adenoids		
7	Unvaccinated without proper excuse		
2	Tonsillitis		

A. W. Mitchell, M. D., who was appointed by the School Board as examiner, showed unusual interest and thoroughness in carrying out the work.

LIST OF FREMONT PUPILS IN SECONDARY SCHOOLS,  
1920-21.

*Sanborn Seminary, Kingston*—Juniors, Blanche A. Beaulieu; Sophomores, Richard D. Ball, Albenie C. Marcotte; Freshmen, Frank E. Beede, Evelyn M. Davis.

*Raymond High School*—Julia Clouette, Agnes Lyford.  
*Tilton Seminary, Tilton*—Curtis Sanborn.

RESULTS OF STANDARD TESTS.

The following standard tests were given to the pupils by the superintendent: Adams' Silent Reading Test in May, 1920; handwriting test scored by Ayres' Handwriting Scale (grades 3-8 in February, grades 1 and 2 in May, 1920); Courtis' Research Tests in Arithmetic, addition and subtraction given in May, 1920.

## ALL SCHOOLS

	In rate of reading to one's self silently.	Per cent of ideas read that pupil remembered.	In rate of handwriting.	In quality of writing.	In number of addition problems right.	In number of subtraction problems right.
Pupils in grade 8 averaged to reach standards of grade.....	2	45%	8	5	4	5½
Pupils in grade 7 averaged to reach standards of grade.....	5	20%	6	4	3	¾
Pupils in grade 6 averaged to reach standards of grade.....	3	40%	2	3	3	¾ of 3
